

Covid-19 Protocols

For: All Clients

As we continue to navigate through post pandemic the Center for Disease Control (CDC) continues to update their mask recommendations often. We want to inform you that *as of 5/11/2023* masks will be **OPTIONAL per CDC regulations**. If the masks recommendations from the CDC change, we will readjust this policy as it sees fit and provide you with these updates.

If you have any questions or concerns about any protocol, please feel free to contact me at neuroptnow@gmail.com or at 413-318-4776.
